

Scrip Commission.

Vancouver, N. W. T., June 17.—The scrip commission, which arrived here Saturday, proceeded to Fort Peck Sunday morning, where the sittings will commence on Monday. At Peck the commission will deal with the scrip of the 14th district, and from the 15th to the 18th instant, and deal with 12 claims for the scrip of the 19th district. The scrip of the 19th district was allowed, and the scrip of the 20th district was refused. The balance being reserved for additional evidence to be furnished at a later date. The number of claims preferred at Peck largely exceeded expectations. About 30 families from the United States were present to prefer claims at that point. The commission being already retarded were unable to finally deal with these claims, which will be disposed of during the sitting of the commission at Killarney. Competition amongst scrip buyers is very keen and high prices are realizing good profits.

Boats Collide.

New York, June 18.—The ferry boats, which collided while entering their slips, several persons were injured in the collision and were brought to the ferry house. The Northfield was in the East river, near Pier No. 8. There are supposed to have been 25 Italian laborers employed at the time in the hold.

The dock, overlaid by the weight of the ship, turned on its side and sank in 12 feet of water and the number of the workmen on the dock were jammed in between the wreckage.

Martin Anderson was caught under the descending side of the ship and killed. Others were dragged out of the water badly injured. Some of the men in the vessel's hold managed to get on to the dock and leaped into the water, but it is feared the majority were less fortunate.

One hundred of the passengers on the steamer Northfield were dragged out of the water by people along the shore and the crews of the fleet of ferry tug, which promptly responded to the ferry boat's call for help. All of the crew of the Northfield were saved. Captain Abraham Johnson of the Northfield, was arrested about midnight on a charge of criminal negligence.

Trackmen Strike.

Montreal, June 16.—The strike of C.P.R. trackmen will begin tomorrow and both sides expect themselves to be confident of the result.

Mr. Wilson, president of the Brotherhood of Railway Trainmen, says of the 5000 or so employed in the Montreal hulls 3000 are members of the association. They are organized and were to win.

On the other hand Mr. McNeil says he does not believe in a large percentage belonging to the organization and in any case the company is assured of plenty of men to operate the line as usual.

Toronto, June 17.—There are in the employ of the Canadian Pacific railway, Ontario division, about 250 are trackmen, and of these 250 are not strikers. Strikers, according to the statement of General Superintendent Timmerman have developed considerable strength.

Timmerman states that nearly all the men are working. He stated that the International Brotherhood of Railway Trainmen, John T. Wilson, have not obeyed orders, they are not affiliated with the Trackmen's association, nor have indications of going out with trackmen. The Canadian Pacific officials state they do not expect them to do so.

Later news also points out that the road is in good shape for the protection of freight if necessary. A great deal of spring work has been done and necessary repairs made.

"Speaking for Ontario division and also New Brunswick, where I am acquainted with conditions," said Timmerman, "the road is in excellent condition. Portages are being carried regularly by road gangs, and we are getting new men in. The strike so far is very orderly. Men have simply gone to their homes."

Fire at Roseland.

Roseland, June 15.—A fire occurred in the city this afternoon at Roseland, a place in Daniels & Chambers plant also and was followed by a fire that threatened to burn several blocks.

The fire department had a hard fight for half an hour but finally won. The damage to the stock of wall paper will be heavy and the building also suffered seriously.

London House, bookbinders, next door, was damaged by water to the extent of \$500.

Big Liabilities.

Toronto, June 12.—The firm of Taylor & Nelson, the well known makers and book binders, have signed. No figures are yet obtainable, but it is believed the failure is a bad one.

Liabilities are several hundred thousand dollars. The assignment is to R. E. C. Campbell. The firm is one of the oldest in the city.

PHENOMENAL GROWTH

Macdon, June 17.—Prosperity is

already in sight on the Pembina Hills. Donald Campbell while out driving Saturday discovered a field of wheat.

New School.

Toronto, June 16.—The corner stone of the new preparatory school in connection with Upper Canada College was laid Saturday afternoon. Lady form the Fenelon of the Fenelon, Lieutenant Colonel Denison, chairman of the board of governors, presided. A large and fashionable gathering was present and the interesting function in connection with proceedings.

Steamer Swamps.

Winnipeg, June 17.—A small steamer, used as a tug and owned by the North West Fish company, sprang a leak and sank suddenly Friday morning six miles from the island, toward the north end of the lake.

Six men on board had a narrow escape, four of them got in a small punt, the other two were in the water supported by some sticks of cordwood for half an hour until rescued by their comrades.

There was a heavy sea and the little boat was overloaded and was kept afloat with difficulty. An empty butter tub was fortunately picked up and fastened to the stern. The steamer will likely be a total loss.

Popular Politician.

Napanee, June 17.—The conservative of Lennox Saturday nominated T. G. Carleton, mayor of Napanee, as Conservative candidate at the approaching provincial elections.

New Judges.

Ottawa, June 17.—The three judgeships vacant in Quebec will be filled in a few days. Judge Lavigne will be transferred to Montreal from Hull and Mr. Rochon will get his place.

The other two new judges will be Mr. Fortin, M.P., and Mr. Tremblay of Montreal.

A Lonely Corpse.

On Sunday last the body of a man was found near Asker point, east of Pointe St. Charles. Yesterday Mr. Sharpe, coroner, held an inquest and it was found that the deceased was a stranger in that community, nor is there any man known to be missing. About three weeks or more ago a heavy square built cloth cap with a peak was found near the place, and another party found a few pieces of the "Ladies Home Journal Magazine," on one of which the initials "C. Stange" was written in pencil.

The clothing of the deceased consisted of a pair of light blue undershirts and drawers, a black shirt with collar attached, a red bow tie with a black plaid shirt, new striped trousers, a black leather belt, a black leather pilot cloth coat, socks with metal tag still on, and laced shoes with some metal work.

In the pockets were found three pieces of quartz, a small silver stone, several buttons of American watches, a small button, etc., and a leather shaped metal tag with the words "Robert F. Kalamash, Mich." stamped on one side.

This coat was made by M. Cravette, 308, Kalamash, Mich., matches the label of Bonhousons Stone, Cheyenne, Wyoming. A card dated 25 S. & W. U.S.C.

The pants, Burman, Munster City, Kansas City, Mo., 38 waist, 32 length, lot 1001. Mark on drawer 38, 101. There was a Nero cigar label in one pocket. He wore a leather belt around his waist.

He was a stout, well-nourished man five feet ten and a half inches tall with light brown hair and no mustache or whiskers.

The body was buried in a shallow trench in a willow and poplar bush near a house occupied by E. K. Bull, and about a mile northeast of Ramsey's ranch. There were no signs of any struggle in the vicinity of the trench or in the trench itself, and except that the bushes were quite thick, there was no attempt to hide the grave.

Passing by on his way from hunting horses Fred J. Bullard, passed into these bushes hoping to find a horse's nest, and as he was looking at the head exposed where the thin earth had been scratched away from it. The body was in a good state of preservation.

Two bullet wounds were found in the head, back of the left ear and a large bullet over the right temple. The verdict of the jury was "murder by parties unknown."

DAN AND BILL.

Hallifax, June 17.—Messrs. MacKenzie & Mann's new Cape Breton road opened for passenger traffic on Saturday.

FIVE THOUSAND CAME WEST

Winnipeg, June 17.—Immigration Commissioner J. O. Smith stated in a report of a Winnipeg paper that the arrivals in the west during the month of May numbered about 5000.

"This," said Mr. Smith, "is an increase of 100 of 200 over the corresponding month of a year ago. The settlers are all of the most desirable class and the percentage of English speaking people large."

An Eye that can see Perfectly

focuses rays of light to a point. An eye which sees imperfectly focuses light in circles, lines, and other ways.

To exactly find the lens which restores the focus to a point, in an imperfect eye, it is necessary to examine the eye directly by means of the Skiascope. By this means I have day after day succeeded in satisfactorily fitting cases which have never been correctly fitted before. I do not test eyes free, but I promise satisfaction.

The Territorial Budget

An Interesting Debate. The Constitutional Question.—The Policy of the Government.

Mr. Sifton, territorial treasurer, presented his budget report on the work, even though it was extended from year to year. But he said the estimate and general affairs of the country, he said that last year the treasury said the estimate and the financial condition of the country, he said that nothing was further from his thoughts than that the estimate would be without last gentleman who for so many years had secured in the use of the estimate. He said that the Dominion of Canada had required his services, and he said that perhaps higher capacity for the general benefit. Every member of the house would join in regret that he had not been able to do so. He said that a certain amount of pride in the fact that when it became necessary to secure the services of a certain gentleman they came to the North West Territories. He said that the estimate was not a revenue, it was a necessary tax to make some money for the government. He said that the estimate was not a revenue, it was a necessary tax to make some money for the government. He said that the estimate was not a revenue, it was a necessary tax to make some money for the government.
